Chapter 1 by Eva

It was dark as the lightning struck and the rain poured. I was the only one awake. I wrapped my covers around me more tightly and sat up straight in bed. The previous night I had a dream, it was raining and dark and lightning was hitting some sort of block. And now its dark lightning is striking and the rain is tumbling down. "Whats happening?" Mia Smith whispered to herself. Mia was an ordinary 10 year old girl and now for the past few days and nights she has been seeing weird images and getting all sorts of strange dreams. And the worst part is nobody knows! But now her dreams were gradually getting truer and starting to happen in real life!

Mia was scared but intrigued and she decided to go out side and see if there was the block she has seen in her dream. She stumbled out the front door, and there it was and old looking block that seemed to shrink every time the lightning hit it. She decided to pick it up and see what would happen. Mia got zapped and was quivering she dropped the block and it landed on the grass with a firm THUD! Just then Mia got visions of a kingdom and the block was next to it. Every time the lightning struck the block, parts of the kingdom would vanish or slowly go under ground. Mia blinked hard and the visions were gone.
